CORPORATE CLOTHING 2025

CASUALS & SEPARATES / OUTERWEAR / SHIRTS & BLOUSES / TAILORING

At Brook Taverner, we take pride in offering world-class, stock-supported corporate fashion that embodies quality, promotes confidence, and encourages brand personality.

More and more businesses are embracing creativity when it comes to designing uniforms, moving beyond the traditional and opting for unique, personalised looks that make a statement.

Drawing inspiration from this emerging market trend, we have invested in an array of new products to create fresh opportunities for everyone.

We've added further layers to our Outerwear offering with the arrival of Core Fleeces, Core Padded styles and waterproof macs. 2025 also brings the exciting debut of a stunning selection of breton tops, new-and-improved chinos, tunics, and Premium & Performance knitwear. There are also further enhancements in our Rapport, Eclipse, and Shirt & Blouse Collections.

Our significant investment in stock across all our ranges gives your customers the freedom to create, and you the confidence to deliver.

We remain committed to evolving both our collections and our business in the years ahead, and we are incredibly proud of the long-lasting relationships we've built and nurtured over the past 113 years.

Thank you for your continued support.

OUR COMPANY

WE BELIEVE IN WORKING, TOGETHER.

CONFIDENT TOGETHER

Trusted as people, valued as suppliers.

What does that mean for you? It means we speak your language, are easy to work with and hold trust at the heart of our relationships. As we operate on a strict B2B basis, our collections are available exclusively via a network of corporate clothing specialists.

PERFORMING TOGETHER

If you look good, we look good.

Performance starts with a good quality fabric. As seasoned tailors, we know what combinations work and, maybe more crucially, which don't. Our extensive range of garment fits, styles, colours and fabric finishes are designed to meet the most demanding of applications. Our investment in stock and variety is your guarantee to a successful uniform rollout.

PROGRESSING TOGETHER

We have been building partnerships with our customers for more than 113 years.

We don't stand still at Brook Taverner, we are progressive in business. We invest to keep our ranges current and work hard to preserve longevity of styles. If we keep ahead, then you keep ahead.

RESPONSIBLE TOGETHER

We are committed to running a responsible, environmentally respectful and sustainable business, and we will endeavour to continuously improve our environmental performance where possible.

SUSTAINABILITY

IT'S NOT JUST WHAT WE DO, IT'S HOW WE DO IT.

At Brook Taverner, we are committed to running a responsible, environmentally respectful and sustainable business. We recognise that our supply chain, processes and products can have an impact on the environment both directly and indirectly and we are taking measures to understand, monitor and subsequently reduce our impact.

CARE IN EVERY THREAD

From recycled polyester and reduced impact viscose, to natural cotton and wool, our fabrics are carefully sourced from some of the finest mills in the world and are tested for harmful substances before being made into beautiful garments. The result? High-quality corporate clothing that's built to last.

WASH AT 30°C

It is our recommendation to wash at 30°C. This can save up to 40% of the energy used when compared to washing at 40°C, helping to prolong the life of our garments.

Let's care, together.

STANDARD 100

OEKO-TEX® STANDARD 100 is a label for textiles tested for harmful substances. It sets the benchmark for textile safety, from yarn to finished product. Every item bearing the STANDARD 100 label is certified as having passed safety tests for the presence of harmful substances.

STeP

OEKO-TEX® STeP certification sets the highest standards for both social and environmental aspects of textile and leather production, as well as for industrial laundries. This certification is a sign of responsibility towards employees and the environment, and supports a company's journey towards more sustainable production.

Committing to the ETI Base Code ensures that the products we manufacture have not been made at the expense of workers in global supply chains.

Using Sedex SMETA audits allows us to better manage and improve our ethical performance across our global supply chain.

WE'RE PROUD OF OUR ACHIEVEMENTS

Sustainability and compliance are at the core of our values. We are committed to continuously improving our business to help make a positive impact.

DECEMBER 2023 — Donated over 15,000 garments across 4 charities

JANUARY 2024 — Published our Tier 1 factory list on Open Supply Hub

ALLOCATION GUIDELINES

Like us, you will want your employees to arrive for work in a clean, presentable uniform every day. With this in mind, you should ensure each employee is provided with an appropriate number of garments to ensure they can wash and dry their uniforms regularly. The correct allocation will vary depending on the style being worn, so please see the information below for guidance.

TOTAL WORKING DAYS = 233 (EXAMPLE UK)

365 days per year

20 days holiday

8 days bank holiday

104 weekend days

	JACKETS, WAISTCOATS & COATS	TROUSERS, SKIRTS & DRESSES	KNITWEAR, & FLEECES	POLOS, SHIRTS & BLOUSES
FULL TIME	2	3	3	5
PART TIME	2	2	2	3

The same garments should not be worn on consecutive days.

AFTERCARE GUIDELINES

Based on our allocation recommendations, below is an approximate guide for the number of washes / dry cleans your garments require per year.

2 JACKETS / WAISTCOATS — Maximum 10 washes / dry cleans per year

Please note our Tweed Jackets and Waistcoats are dry clean only.

3 TROUSERS / SKIRTS / DRESSES — Maximum 20 washes per year

3 KNITWEAR / FLEECES — Maximum 20 washes per year

5 POLOS / SHIRTS / BLOUSES — Maximum 45 washes per year

CHINO GUIDELINES

These smart-casual favourites are pre-washed for a timeless chino look. Crafted from a breathable midweight stretch cotton fabric, they ensure all-day comfort. For best results, wash similar colours together, inside out, and follow care instructions. Expect natural fading over time.

JERSEY STRETCH GUIDELINES

Jersey fabric is a very stretchy, knitted fabric used to create jackets, trousers, dresses, and skirts which offer wearers exceptional levels of comfort and movement. Given its knitted construction, jersey fabric is less structured than typical woven fabrics and may not be suitable for all end user applications.

HOW TO WASH & CARE FOR YOUR GARMENTS

If you look after your clothes, they'll look after you.

We pride ourselves on using only the best fabrics for our corporate clothing, with all garments being built to perform at the highest level, week in, week out.

Always follow instructions on the garment label.

Below are some of the things we suggest you do to take care of your clothes and help maximise garment performance - ensuring you look great, every wear.

- Wash at 30°C
- Use a non-biological washing powder
- Do not use fabric softener
- Wash garments with a cotton content, e.g. Chinos and Jeans, inside out where practical
- Wash with similar garments, avoid overloading your machine
- Wash light colours separately
- Do not tumble dry
- Hang up immediately after washing
- Rotate your garments throughout the week, using all your allocated garments
- Iron on cool over a damp cloth
- Do not wash suiting garments daily
- Check to see if garment is suitable for dry cleaning

SHIRTS/BLOUSES

- Iron synthetic shirts/blouses on a cool iron
- Do not iron collar and cuffs on a hot setting
- Do not bleach
